Supply Chain Analyst

Atlas Meridian Supply Solutions | Atlanta, GA

ABOUT US

Atlas Meridian Supply Solutions manages distribution and procurement programs for healthcare and industrial customers. The analytics group supports network design, inventory strategy, and transportation cost reduction.

WHAT YOU'LL DO

- Analyze transportation spend and recommend mode and carrier changes
- Model inventory policies including safety stock and reorder points
- Build and maintain business intelligence dashboards for network performance
- Present findings and recommendations to operations and customer stakeholders

WHAT WE'RE LOOKING FOR

- Bachelor's degree in supply chain, engineering, or analytics
- 3 or more years of supply chain analysis experience
- Strong SQL and Excel skills; experience with a BI tool
- Exposure to transportation or network optimization is a plus

Atlas Meridian Supply Solutions is an equal opportunity employer.
