SUMMARY

Production planning professional with 14 years of experience scheduling discrete manufacturing operations from shop floor coordinator to planning manager. Skilled in finite capacity scheduling, S&OP participation, and building planning teams that hold on-time delivery above 95 percent.

EXPERIENCE

Senior Production Planner, Lakemont Furniture Systems
Grand Rapids, MI | Feb 2020 – Present

- Lead weekly scheduling for three assembly lines and a finishing department, balancing roughly 1,400 open work orders.
- Raised on-time delivery from 88 to 96 percent by introducing a frozen-window schedule and daily constraint reviews.
- Coach a team of three junior planners and represent planning in monthly S&OP meetings with sales and finance.

Production Planner, Corvane Industrial Products
Holland, MI | Aug 2016 – Jan 2020

- Built MRP-driven purchase and production plans for 600 active SKUs of metal enclosures.
- Cut finished goods inventory by 14 percent, about $1.1 million, through safety stock re-tiering.
- Partnered with procurement to resolve shortages, reducing expedite freight by 22 percent.

Production Scheduler, Tamarack Plastics Group
Muskegon, MI | Jun 2012 – Jul 2016

- Sequenced injection molding jobs across 22 presses to minimize mold changes and color transitions.
- Maintained schedule adherence reports used by the plant manager in daily production meetings.
- Supported ERP cutover by validating routings and standard times for 300 part numbers.
